SECTION 1

Generic Rules

TRI, TRS, DMT and GMPD

1.1 Eligibility to Compete

- **All competitors** must be members of British Gymnastics (BG). This must be competitive membership or equivalent for trampoline Levels FIG A to Regional D; DMT FIG A – National C and GMPD A.
- **All competing clubs** must be registered with BG and the National Competitions Registration Secretary (NCRS) tramp.affiliations@british-gymnastics.org Please use the form in Appendix 1 to register with the NCRS and keep the contact information up to date otherwise the club may miss out on important information. Registration for both BG and NCRS will be in October.
- **All clubs** must also be affiliated to and paid up members of their Regional Gymnastics body.
- **All competitors** must be under the supervision of a suitably qualified coach who is a member of BG. Persons who are not designated as officials and non BG members are not allowed on the competition floor i.e. the matted area.
- Any **change of club** must be notified to BG and the NCRS (see above) **before** entering any competitions or the entry / qualification(s) gained will be invalid. If they transfer after an entry has been submitted they will not be able to compete for the new club unless written agreement, from the club who made the entry, is received by the Competitions Chair tramp.comps@british-gymnastics.org at least 7 days prior to the competition.

1.2 Foreign Competitors (Non-British passport holders)

Competitors not holding a British passport that are resident in Britain for a minimum period of three months may, during that time, participate in a National Level qualification Competition provided that all eligibility criteria are met and they are at least an **Associate Member** of British Gymnastics, Scottish Gymnastics, Northern Ireland Gymnastics or Welsh Gymnastics. (Plus any other conditions which apply to membership of any Home Nation). Foreign Nationals who are long term resident in the UK may also compete in Regional Events providing membership criteria are met. They will need to qualify and progress as UK performers.

A 'foreign' competitor will be eligible to take a place in these qualifying competitions. Providing that they qualify for the National Championships (TRI, DMT and TRS) they will be permitted to compete (even if outside period of residency). However any positions gained by a 'foreign' competitor will also be credited to a British citizen, but see below. In the case of award winning positions duplicate awards will be made.

For the Team Event at National Finals a team may include one 'foreign' competitor, and a synchronised pairing consisting of a maximum of one foreign competitor may take a place at the National Championships. Any synchronised pairing consisting of two 'foreign' competitors will be awarded a duplicate placing as above. 'Foreign' competitors will not be selected to represent Great Britain in any International event and are unable to compete in the Home Nations Competition. They may compete in the biennial English Regional Competition team event but may not take an individual title.

'Foreign' competitors not fulfilling the residency condition / normal qualification may be permitted to participate in FIG A events at the discretion of the NTTC, provided FIG regulations are not contravened and from time to time the NTTC may extend an invitation to guest at events to such 'Foreign' competitors. Should you wish to seek an invitation you must contact the National Competition Chair tramp.comps@british-gymnastics.org with full details of Nationality and standard at the earliest opportunity. The NTTC will not be able to process such requests at short notice.

1.3 Gymnast Transfers between Clubs

The transfer may be with the full agreement and co-operation of the two Clubs involved (amicable) or may be only with the support of the new Club against the wishes of the old Club (non-amicable). Please send a copy of the BG transfer form (Appendix 2) to the NCRS. If the NCRS is not informed this could lead to an entry being refused.

Amicable situations for individual gymnasts:

If the previous Club and new Club are in harmony the gymnast will be able to compete for the new Club, enter team or individual events and may wear the Club's colours as soon as the NCRS receives the transfer form.

Non-amicable situations for individual gymnasts:

Where the previous Club and new Club are not in agreement, the transfer form will be signed by the gymnast (or parent/guardian) and the new Club and a copy sent to the NCRS. While the gymnast will be able to train with the new Club immediately, they may not represent the new Club in team or individual events, or wear the new Club's colours, for twelve months. However, the gymnast may participate in individual events during this period and may enter individual competitions as 'unattached'. This must be clearly marked on the club entry.

University Students

If a gymnast is at university then they will be deemed still to be representing their old Club provided they are still maintaining membership, even though they may train at a different Club or at the university. Any permanent transfer of representation would be as above. Competitors at Regional D or below who are at University or College may temporarily 'transfer' to and compete for a club in that Region. They may also compete in their Home Region during the holiday periods. The NCRS and Scores Coordinator must be informed.

See the standard of conduct http://www.british-gymnastics.org/site/index.php?option=com_content&task=view&id=334

1.4 Rules for Competitors Returning to Competitive Trampolining

These rules apply only to competitors who have not competed for at least a full competition season, i.e. did not compete at all in the previous year.

Anyone who did not compete in 2009 and last competed at **Grade 3 or above** must apply to tramp.return@british-gymnastics.org prior to the competition closing date in order to confirm their starting Level. If anyone competes without this confirmation their placing and any qualification(s) **will be void**. All applications should contain the performers BG number and date of birth and as much information as possible to help achieve the correct placement e.g. last competition, grade, National finals/championships position, international results etc.

Anyone who last competed at **Grade 4 or below** should contact their Regional Competitions Secretary prior to the competition closing date in order to confirm their starting Level, Assessment E, F or G. If anyone competes without this confirmation their placing and any qualification(s) **will be void**. Please supply the Scores Coordinator your BG number and date of birth prior to the competition or your qualification will not be registered.

1.5 Complaints Procedure

If you have a complaint about any aspect of the competition system it must be raised, in writing, through your club secretary as the Competitions Committee will not respond to complaints from individuals. Please send the complaint to the committee care of the National Competition Secretary tramp.nationals@british-gymnastics.org. Complaints will be acknowledged within fourteen days of receipt.

SECTION 2

Qualification and Assessment Events

2.1 Obtaining Information

2.1.1 National Competitions

Information is available online at www.bg-coaches.org. The Competition Dates / planner are also listed in Appendix 3.

2.1.2 Regional Competitions

Information regarding regional assessment events, GMPD and DMT competitions can be obtained from your Regional Competition Secretary, also see www.bg-coaches.org/regional-information.php

2.2 Entering Gala Events

You may enter Gala events, (TRI, TRS and DMT) either online, via your BG club record page, or by post (postal entry forms are in Appendix 8). Online entries will open a minimum of 2 weeks prior to the closing date and close at midnight on the closing date. If you have submitted an early entry and need to change it prior to the closing date please contact the Major Events Administrator 0845 1297 129 ext 2521 at BG. Please note that you can not change the entry after the closing date. It is advised that you take a contact name and confirm the changes in an email both to BG and the competition chair.

Please note that by submitting your entry each club agrees to the notes and 'Acceptance of Rules' as listed in Appendices 7 and 8.

2.3 Online Entries

In order to make an online entry the club will need to have access to their club records via the members section of www.british-gymnastics.org. The club secretary will need both their BG number and a password. If you do not have a password, please contact BG membership at membership@british-gymnastics.org.

Online entry will automatically provide BG membership numbers and dates of birth for your competitors and the BG numbers for qualified officials. If you have a TRS pair involving another club please supply the BG number for the performer from the second club. You will be unable to complete the entry without supplying the correct number of coaches and judges. Payment may be made by cheque or can be paid directly online. You will be unable to nominate a performer or official who is not a current member and with a current CRB, if applicable.

2.4 Postal Entries

Please note that postal entries are likely to be discontinued from January 2011 and you are strongly advised to get used to online entries during 2010.

All Gala weekend event entries must be sent to British Gymnastics, Ford Hall, Lilleshall National Sports Centre, Newport, Shropshire, TF10 9NB.

Entries NOT sent to this address will be invalid.

No queries about late / non arrival of entries or fees will be considered without proof of posting (obtainable for free from the Post Office).

All cheques must be made payable to 'British Gymnastics'.
Please contact your Regional Competition Secretary for regional regulations.

Please use the entry form in Appendix 8.

Please supply all BG numbers and dates of birth for your competitors. If either of these items is missing the relevant competitor's entry will be refused. Please note this also applies to TRS.

Please supply BG numbers for your judges. If you either do not supply these and / or you do not list enough suitably qualified and experienced officials your entry will be reduced to reflect the number of valid officials that you have supplied.

BG reserves the right to charge for paper entries.

2.5 Officials

For Gala events you will need to supply enough officials to cover the total number of TRI, TRS and DMT entries.

N.B. It is not the job of the judging organiser to find officials for a club that has not got enough suitable officials so please do not ask. Please speak to your regional judging officer who may know of other willing officials or reduce your entry accordingly.

'**Officials**' include marshals computer operators, manual recorders as well as qualified judges. Judges should be suitably qualified, validated (cycle 11 or later) and experienced for the competition for which they have been nominated. For FIG A, B and National C, judges should be County Judge or above. DMT judges should have either a DMT judge qualification or have experience of DMT judging. As Regional D links to national Levels it is recommended that, wherever possible, this group is judged by County Judge or above or by judges with experience of national Level competition.

It is very important that the numbers of moves in a routine are recorded if less than 10. It is also important that if a competitor withdraws they are withdrawn rather than given zero scores. Computer recorders **must** be able to deal with both these situations as they affect the results and points.

Clubs having problems supplying their officials should contact the Judging Events Coordinator at least two weeks before the competition closing date to discuss possible solutions. Ignoring the problem will result in your performers being excluded from the competition.

If you wish to put forward more officials than required please contact the Judging Events Coordinator (JEC), no later than the competition closing date, at tramp.judging@british-gymnastics.org and they will try and accommodate this.

If any selected officials, including reserves, do not turn up for the competition, the club must provide a suitable replacement. Failure to do so will result in the club being reduced to guest status at that competition. The Judging Events Coordinator has the discretion to commute this to a fine of **£45** but this must be paid before any results are recognised or any more entries are accepted.

All officials must stay at the competition until the groups for which they have been appointed have concluded

2.5.1 Competition Officials

Officials should report for duty in appropriate attire. For National level competitions, judges are expected to wear Navy blazer, white shirt or blouse, tie for men, navy trousers or skirt (ladies) and flat black shoes. Warm up and competitions marshals should be in tracksuit/shorts and T-shirt with training shoes. Recorders should dress smartly and wherever possible follow the code of a white top, blue trousers/skirt and a navy jacket or fleece.

2.5.2 Reserve Officials

The Competitions and Judging committees recognise the need for reserve officials at competitions and also recognise the logistics of clubs providing these officials; however they must turn up at a competition and be available during the day, see above.

Reserve officials are expected to be at the competition, in the appropriate uniform, and report for duty at the start of the competition with all other officials. If reserves are not required, as everyone has turned up, reserves will be invited to shadow judge, and switch in during the day. They will be entitled to official's refreshments and lunch.

2.5.3 Officials for TRS & DMT at Gala Qualification Events

DMT and TRS are not separate events to TRI, and sufficient officials are needed to cover your total entry. Officials should be nominated in the same way as for other qualifying competitions, and should be proficient in the job for which they have been nominated. If your entry is predominantly made up of either DMT or TRS competitors you are expected to provide a proportionate number of competent DMT or synchronised trampoline officials. It is at the discretion of the JEC to determine whether the club's nominated officials represent the same proportional mix as their entry. Clubs may be required to provide suitably qualified replacement officials in order for the entry to be accepted.

2.5.4 National Championships Events

Clubs are asked to nominate officials in the same way as for the qualification competitions.

2.6 Provisional Entries

You are no longer able to enter provisional entries. All competitors must be qualified for the Level they are entering by the closing date of the competition.

2.7 Teams

There will not be any team competitions at Gala Qualification Events. There will be a Team competition for the FIG A, FIG B and National C performers at the National Finals in July for Trampoline and Double Mini Trampoline.

2.8 Entering Regional Events

Whilst most regions will run their events on the same principles as the Gala events please check with your Regional Competition Secretary for full details and any variations. If a region moves the Assessment event from the designated weekend they **must** inform the Scores Coordinator or the regions results will be void.

Please note that entries / results will not be accepted without the performers BG number and date of birth.

2.9 Penalties

Ineligible Competitors

Where clubs permit competitors to compete at a Level or for a club for which they are not eligible, (where there is no evidence / reason to suggest that this could have been erroneous) or where the clubs continue to enter competitors in competitions where the club / individual membership has not been met, a competition ban may be imposed on such clubs / competitors.

The Competitions Committee will send notification of such a ban in writing to the club. Any entry fees already paid for a competition for which the ban is effective will not be refunded.

Any scores/qualification the competitor achieved at a competition for which the competitor was ineligible will be nullified and any trophies will be required to be returned and subsequently awarded to the next eligible competitor.

Outstanding Judging Fines

Any club with an outstanding fine for an official's violation will not be permitted to compete at any Level until the fine is paid. All judging fines should be made payable to BG and sent to The Judging Events Coordinator.

Clubs are reminded that they are responsible for all their members in attendance at an event, competitors, coaches and officials and this includes dress and behaviour. We would also expect the same high standard of dress and behaviour from your spectators.

SECTION 3

Event Organisation

3.1 Photography

BG no longer require everyone to have a photography pass. There is a **minimum requirement** that Competition Organisers must display a poster listing the policy and include the policy in the programme. The poster and policy are downloadable, see below.

In order to protect the welfare of children at the event, photography at that event is permitted only on conditions set by British Gymnastics

This is a summary of those conditions. A copy of the full text can be obtained from the Competition Organiser or from the British Gymnastics website www.british-gymnastics.org ~ Events and Travel ~ Photography. You must agree to these conditions in order to take any photo equipment into the venue or take any photos.

- Photos may only be taken and used in accordance with the British Gymnastics Child Protection Policy.
- 'Photos' includes any form of video or still image including those taken with mobile phones.
- The Competition Organiser (or a person acting on his or her authority) may require anyone at the event :
 - Not to take photos – either generally or in particular circumstances.
 - To provide their full name and address and evidence of this.
 - To let the Competition Organiser view any images recorded and to delete any images.
 - To surrender media or equipment on which the images have been recorded if they cannot be viewed (e.g. photos on traditional film), or if they can not be deleted.
- Photos may not be used, distributed or copied for commercial purposes.
- Flash may not be used at any time while gymnasts are warming up or competing.

Regions may still use a pass or other additional requirements if they wish.

3.2 Welfare Officers

A Welfare Officer needs to be appointed for each competition. If the person nominated is a member of a competing club an additional Welfare Officer must be nominated. Their name and contact details need to be displayed in the programme and / or at the competition. The Welfare Officer(s) do not have to be present at the event.

3.3 Checking in

Gala Events: Clubs will no longer be issued with warm up cards. The events will run in smaller flights and therefore should manage without warm up cards as long as performers act responsibly. Club coaches will no longer be required to sign in.

Any coach signing a difficulty card will be deemed responsible for that competitor and expected to be at the competition whilst their performer(s) compete. The Trampoline and Double Mini Trampoline coaches nominated on your entry form are deemed to have total responsibility for their club performers.

Regional Events: These events may implement different arrangements so please check with your regional competition secretary prior to attending the event.

3.4 Difficulty Sheets

All performers must submit their difficulty sheet to a designated official on the correct panel at the commencement of the warm up unless directed otherwise. The Difficulty judges are **not responsible** for difficulty sheets which have been submitted to the incorrect panel.

For Regional Assessment events difficulty sheets must be submitted to the panel prior to the commencement of the warm up unless directed otherwise. GMPD routines also need to be submitted to the panel prior to the commencement of the warm up unless directed otherwise.

Please see Appendices 13 and 14 ~ (Routines) for the required moves which should be marked with an asterisk (*). For the penalties for failure to mark these moves see 'Compulsory (First) Routines', BG Code of Points.

3.5 Finals

There will be a top eight final for Regional D and above.
The Regions may run finals for GMPD and Assessments E and below at their discretion.
There will be accumulative finals in all the Gala and Regional D Qualification events.
There will be zero finals for FIG A at National Finals.
There will be accumulative finals for FIG B and National C at National Finals.

3.6 Results

Gala qualification results will be issued at the event but details of qualifiers for National Championships and promotion and relegation points will be posted on www.bg-coaches.org before midnight on the Sunday of the Gala event.

Regional D results will be available as below when the Scores Coordinator has checked the results and allocated the Promotion Offers.

Regional E, F and G assessment results will be available on the day. Clubs will be able to access confirmation of their performers' achievements via www.bg-coaches.org/regional-information.php shortly after the event. This is the definitive list of points and qualifications and a club official need to contact the scores coordinator (tramp.scores@british-gymnastics.org) immediately if they think there is a mistake with their club list. The scores coordinator will only respond to a club official and not to a performer or parent.

3.7 Awards & Trophies

Regional D, Assessments E, F, G and GMPD

The Regions may adopt their own policy for achievement certificates / awards for these levels.

Gala Qualification Events

A minimum of 3 certificates will be given for each event for both male and female groups.

TRI National Championships, TRS, and DMT Championships

All third round competitors (i.e. top 8) will receive an award, including one for each performer in the TRS.

A certificate and/or a commemorative award will be given to each competitor in recognition of their achievement in qualifying for the National Championships.

Please note that no awards will be given out to anyone who does not attend the presentations in competition dress. If there is an unavoidable reason for your absence, please speak to the competition organiser for further advice.

It is the club / competitors responsibility to check the results and be aware of when they need to assemble for presentation.

3.8 Competition Attire

For rules on competition clothing FIG A to Regional D see current BG code of points. Variations to these rules for Assessment Levels may be permitted at the region's discretion.

Requests for variation to GMPD clothing for health and safety reasons must be made at the time of entry to the GMPD representative.

3.9 Competition Equipment

FIG approved trampolines with 13mm, 6x6mm, 6x4mm or 4x4mm webbed beds will be used for all levels of competition.

FIG approved Eurotramp trampolines with 6x4mm or 4x4mm webbed beds will be used for all Gala trampoline competitions.

FIG approved Eurotramp Double Mini Trampolines with 13mm webbed beds will be used for the DMT competitions.

The trampolines may be pushed together for competition. If they are left apart there needs to be a minimum of 2 metres between the trampolines and 5 metres between the deck ends and / or wall.

All regional competition organisers are reminded that they are required to use 20mm thick floor mats around the trampolines. See www.british-gymnastics.org ~ Trampoline downloads~ 'Trampoline Matting Provision' for further details. Also see Appendix 19.

3.10 Gala Competition Floor

It is the aim of the organisers to keep the area around the trampolines and DMT clear for the competing groups and their coaches. Unless you are competitor in that flight, or their coach, you should not be in that area. Please respond to any requests that you keep the floor clear. This is in everybody's best interests.

SECTION 4

TRI National Structure

4.1 Progression, Promotion and Relegation

The scheme was designed around LTAD and all progression is voluntary and will only be undertaken when a performer has the qualification to move to the higher level and feels ready to do so.

Club Assessments H and I

These are designed to introduce the trampolinists to moves, combinations and routines which incorporate the basic principles required in all trampolining. These levels may be completed either in the club, county or in the region. The emphasis is on participation and fun whilst developing good technique.

Assessments G, F and E

These are the first post recreational assessment levels for the trampolinists and introduce higher level skills and combinations. These are the early learning stages for competition preparation i.e. presenting oneself in public, wearing competition uniform, learning to control nerves, gaining consistency of performance in completing routines and knowing and understanding the competition rules.

Assessment G to Assessment E are designed to be performance related. The focus is on whether a routine is completed successfully rather than competing against others who may have more or different experience.

Regional D

This is the highest regional level and is the first real competition level. It starts the training to compete stage of LTAD and links to National C with a rolling promotion / relegation.

National C to FIG A

These levels represent further 'Training to Compete', (National C) and 'Training to Win', (FIG B and FIG A) on the LTAD structure. They are run as traditional competitions and Nat. C to FIG A are held nationally. They also have rolling promotion and relegation but there is no compulsion to move to a higher level.

For full details of the interaction with LTAD please see the log book.

For details of all routines please see Appendices 11 to 14

4.2 Ages and Groups

FIG A will consist of two groups Ladies and Mens

Regional D, National C and FIG B will consist of three groups for each gender Under 15, Under 19 and Over 19.

National C will have 2 additional age groups for each gender, U13 and U17. There will not be any promotion from these additional groups.

Assessment E and below, regions may adjust the age groups to aid organisation

In order to compete at Assessment E, F or G you must be a minimum of 6 years of age in the year of competition and hold current BG non-competitive membership.

In order to compete at Regional D, National C, FIG B or GMPD A you must be a minimum of 9 years of age in the year of competition and hold current BG competitive membership.

In order to compete at FIG A you must be a minimum of 15 years of age in the year of competition.

4.3 Assessment Levels Promotion

Promotion from **Club I to Assessment E** inclusive is by gaining the qualification score from the first two rounds of the Assessment event.

Promotion from **Assessment G** to Assessment E and **Assessment F** to Regional D (leapfrogging) is also possible by gaining an enhanced qualification score; see Section 4.5 The leapfrog offer is withdrawn if a performer competes again at the same level (G or F) and it is replaced by a standard qualification to move up 1 Level. Once a performer has achieved a standard qualification, it can be retained indefinitely.

You do not have to move up until you are ready and confident of doing the skills of the higher Levels. Anyone gaining a 'leapfrog' score may opt to move up two Levels at their next competition but they can also opt to move up just 1 Level or even stay where they are.

There is no rolling relegation from Regional D and below.

4.4 Promotion and Relegation Regional D and above

General

All points will be awarded on the results at the end of the first two rounds and a performer must complete both of the first two routines in order to receive a promotion offer.

Promotion Offers are only valid for the performer's next competition. If a performer competes again at the same level the promotion offer is invalid.

No relegation points (cautions) will be awarded if the group is smaller than 12 competitors with the caveat outlined in 4.4.2 below.

Anyone who has been granted immunity from relegation will still be 'awarded' a caution but will not be relegated.

4.4.1 Promotion Offer

From **Regional D to FIG A** there is a rolling promotion / relegation system. **N.B.** it is not possible to gain promotion from FIG A or U15 FIG B. If a performer from U13 National C or U17 National C wishes to move to FIG B they need to compete in the U15 and U19 groups respectively.

With the above exceptions a promotion offer will be issued to anyone who achieves

- Either a minimum score and finishes in the top 20% of the group
- Or who gains an enhanced score, see Table in Section 4.5.

If you compete again at the same Level the promotion offer is withdrawn.

4.4.2 Relegation

- There is no relegation from Regional D.
- From FIG A to National C a relegation point (caution) will be issued to anyone who finishes in the bottom 20% of a group larger than 12, also see below. This also includes any of the U13 and U17 performers in the U15 and U19 groups.
- Any performer who does not complete *both* of the first two routines, **regardless** of group size will be issued with a caution.
- If you finish out of the relegation zone in your next gala or you have been granted immunity, see 4.4.3, your points are reset to zero.
- Two consecutive cautions will result in relegation. You will start the lower Level on zero (0) points.

4.4.3 Immunity

- Any performer in FIG A or FIG B who finished in the top 8 at the 2009 National Finals is immune from relegation for 2010 at that Level. They still need to qualify for National Finals.
- Any performer who qualifies for National Finals is immune from relegation from that Level for 2010.
- A performer will lose this immunity if they change Levels.

4.4.4 Regional D

4.6 General Notes

A body landing is one that does not land on the feet i.e. a seat, back or front landing.

Club H through Assessment E have maximum move requirements. If they are exceeded the routine will be terminated at the element prior to the infringement.

The maximum amount of somersault rotation in any element permitted at Club H through Assessment E is 450°.

Regional D and National C stipulate difficulty limits. If these limits are exceeded, the difficulty value for the routine will be capped at the appropriate limit.

Club I through to Assessment E requires an 'Arm Set'. An Arm Set is defined as; "any action that causes the arms to be above the shoulders at maximum depression prior to the start of the routine"

The chair of the panel will be responsible for determining whether the Arm Set was performed. Failure to perform the Arm Set will result in a deduction of 0.1 from each execution judge.

Where there are two compulsory routines specified you need to choose one for the competition. Although you may move to the next level if you achieve the qualifying score with one of these routines, it is strongly recommended that you achieve a qualifying score using both routines before moving to the next level.

4.7 Difficulty Cards

All difficulty cards should be completed by the performer or coach in English or FIG notation. Where the card should be marked with asterisk's to indicate required elements in 1st routines this must be done by the competitor or coach before the card is handed in. Likewise all elements that require a difficulty mark should have this written on the sheet before the card can be accepted. It is not the job of the difficulty judges to complete the card, their job is to confirm or change what is written as the routine is performed and display the difficulty score. See BG Code of Points for full regulations.

Please note that all Difficulty Cards must be signed by a suitably qualified coach in order to be valid. This coach must be in attendance during the performer's competition.

Please see Appendices 13 and 14 (Routines) for the elements which need to be marked.

4.8 Log Books

Log Books can be downloaded from www.bg-coaches.org but are not compulsory. The log book elements complement the routines and develop the moves needed for the higher levels. It is advised that you read the explanation of updated terminology in order to understand the new routines and log book elements. The log book elements and routines may help you to decide where to start in the new scheme. A glossary of the new terms used in the routines is in *Appendix 11*.

Filling in the Online Entry Form

To use the online entry system a club official needs to have access to the club records via the BG membership portal from www.british-gymnastics.org if you do not have a password a designated official will need to contact membership@british-gymnastics.org to obtain one.

Once the club page has been reached select;

- ❖ **'Events'** from the menu on the left
 - * This will bring up an interactive list of competitions for entry
 - * Select the relevant **Gala** event and then the Level that you want to enter e.g. TRI~FIG B
 - * To select a gymnast click on the 'include' box next to their name. They will be added to the entry complete with BG number and date of birth from the club records.
- ❖ To finish the entry for that group you will need to select a suitable coach, again click on 'include' next to their name and enough officials for the number entered. All qualified officials will have their BG number added from the records. There is space to add the names and jobs for unqualified officials. It will not be possible to save the entry without sufficient coaches and officials being entered.
- ❖ If a gymnast or coach is not listed please check that they have the relevant current membership.
- ❖ This procedure needs repeating for all the events that you wish to enter e.g. DMT~ FIG A
- ❖ When you have completed your selection click on 'save'
- ❖ You may only enter your own club performers. If one of a TRS pair comes from a different club please list their BG number.

The entry is not complete until payment is received by BG.

It is possible to pay online. If the club are able to do this, the entry is complete once the payment has been sent. It is advisable to make a copy of the entry.

If the club is unable to pay online please print a copy of the entry and send it by the closing date to the Major Events Administrator (MEA) at BG along with a cheque to cover. If there is a problem with printing the entry please contact the MEA on or before the closing date. It is recommended that you get free proof of posting, as no queries over late / non arrival of entries will be considered without proof of posting.

Please read the important notes and rules in Appendices 6 and 7 before sending in an entry.

Appendix 5

Filling in the Postal Entry Form

Please include their judge level, preferred job and availability (Saturday or Sunday). Please use a separate line for each official each day. Once you reach five entries, you must fill in the name of your second official in the Official 1 space and so on.

- **TRS** ~ Please note that you can only enter your own performers. If one of a TRS pair comes from another club please give their BG number.
- The club must supply the BG numbers and dates of birth for all competitors, including synchro entries. Failure to do this will result in the entry for that competitor/pairing being rejected.
- The BG numbers must also be supplied for the coach and qualified officials, failure to do so will result in that official being rejected and the entry amended accordingly.
- Hardcopy entries must be accompanied by the "Officials Nominations Sheet".
- The club must supply a valid BG membership number.

British Gymnastics and Movement for People with Disabilities Trampoline Championships
The Gymnastics and Movement for People with Disabilities Trampoline Championships qualifying events are run independently of the gala qualifying events.

There will be a total of 6 qualifying events where performers will compete over preliminary rounds only. On completion of the preliminaries, the top 8 ranked performers will be allocated points.

Points will be allocated ranging from 10pts for 1st place to 1pt for 8th place. No points will be awarded for performers who place outside the top 8.

At the end of the 6 events, a performers best 3 scoring events are summed & the 8 top ranked performers are invited to compete at the British GMPD Trampoline Championships.

British Synchronised Championships
The synchronised trampoline events run alongside the individual trampoline and double mini trampoline at the national gala qualifiers.

The synchronised trampoline events are separated into two age categories, namely U15 and 15+.

At these qualifiers, pairs will be required to compete a set routine and a voluntary routine. Points will be allocated ranging from 10pts for 1st place, 8pts for 2nd place, 6 points for 3rd to 1pt for 8th place.

At the end of the 6 gala qualifiers, a pair's best 3 scoring events are summed & the 8 top ranked pairs are invited to compete at the British Synchronised Trampoline Championships.

Important

This document is designed to give you an overview of the structure and is not meant as a substitute to the handbook. It is strongly advised that you consult the handbook prior to preparing your performers for the competition season.

World Class Level (Senior Trampoline Event)

Summary: The pinnacle of the sport, the FIG A performers are the performers wishing to represent Great Britain at senior internationals such as Olympics, World and European Championships (subject to change)

Relegation: Relegation is identical to that outlined in National C below.

Immunity from Relegation: Available for those who possess a current FIG A finals qualification. Immunity is also available for performers who reached the final at the 2009 British Trampoline Championships

Nationals: Qualification to the British Championships is identical to that outlined in FIG B below.

Competing to Win
From the LTAD document

Seniors

First Elite Level (Elite Event)

Summary: Unless indicated in the handbook, the FIG tiers adopt the FIG code of points. This is the first tier where performers will be eligible for National C representation (subject to change). It is expected that FIG performers will be training more hours than National C counterparts and performing more difficult skills.

Progression: Promotion is achieved using the same mechanism detailed in National C below.

Relegation: Relegation is identical to that outlined in National C below.

Immunity from Relegation: Available for those who possess a current FIG B finals qualification. Immunity is available for performers who reached the final at 2009 British Age Group Competition.

Nationals: The mechanism for qualification to the British Age Group Finals is the same as those detailed for National C with the exception that FIG B only offers the three pathway age groups.

Learning to Win
From the LTAD document

U15, U19, 19+

First National Level (National Event)

Summary: The first tier where a performer can qualify to a national final, National C is the last participation event before entering the elite tiers. Therefore, there will be two additional age groups for a performer to compete in should they wish. There is no promotion from these age groups. Promotion is through either of the two pathway age groups

Progression: Promotion is achieved using the same mechanism detailed for Regional D. Promotion is not possible from the U13 or U17 categories.

Relegation: Relegation from National C is compulsory if a performer accumulates two consecutive cautions. A caution is gained when a performer finishes an event in the bottom 20% of those who competed.

Immunity from Relegation: Performers are immune from relegation if they have attained a current NAT C finals qualification.

Nationals: In order to reach the finals, a performer must achieve the minimum score at a given event **AND** either the qualification score (Q Score) or finish in a top 50%. These must be achieved at the same event.

Training to Compete
From the LTAD document

U13, U15, U17, U19, 19+

First Competitive Level (Regional Event)

Summary: Regions are responsible for providing performers with the opportunity to experience competition at a regional level.

Progression: In order to be promoted, a performer must accumulate a promotional offer. To achieve a promotional offer, a performer must achieve the 'minimum score' at a given event **AND** either the 'High Score' or a top 20% place.

Relegation: There is no relegation from Regional D.

National Competition Age Groups

Compulsory Levels (Regional Events)

Summary: These events are assessments and not competitions. The performers task is to achieve the qualifying score from the assessment panel (Judging panel).

Regions are responsible for tracking competitors within the region and ensuring performers have achieved the relative qualifying score before moving to the next tier.

Progression: There are also leap frog scores that will permit performers to move directly from Regional G to Regional E or Regional F to Regional U.

Age Groups
These are defined by the regional competition organiser

Regional E (49.5), Regional F (47.5), Regional G (45.0), Leap Frog 50.5, Leap Frog 48.5

Introductory Levels (Club, County or Regional Events)

Summary: Coaches are encouraged to start performers at Club 1 to ensure that the foundation skills are fully developed before moving on through the system although there is no compulsion.

Regions are required to ensure that these tiers are accessible to performers either at a club, county or regional level.

Progression: Suggested qualifying scores from Club 1 to Club H and Club H to Regional G are for guidance only.
